Annual Catalogue from

STERLING'S
SEED and PLANT FARM

PREMIER: Our Best Kind

RALPH W. STERLING
CUTCHOGUE, L. I. NEW YORK
SUFFOLK COUNTY

Telephone Peconic 55
Sterling's Annual Catalog

TO MY FRIENDS AND CUSTOMERS:—

Please accept this, my Annual Catalog for 1926, with my very best wishes for a Happy and Prosperous New Year.

In many respects last year was one of the best years that we have had in many a long day, especially for the potato farmers. Many lines of Truck Crops were disappointing, however. And that is why I wish to say one word here as to plantings for 1926 markets.

Looking back over past years it seems to me that, as a rule, not always, of course, the crops that paid the poorest one year, pay the best the following year. So just because Lima Beans did not pay last year don't give them up entirely this year, and just because potatoes paid so well last year is no reason to plant every acre of your farm in potatoes this year.

Early Peas have paid pretty well for several years. I have a very fine stock of the three best kinds to plant—Gradus and Thomas Laxton for tall vines and large pods, and Laxtonian for shorter vines, but nearly as large pods as the others. The price is right as Pea Seed is very scarce this year in a wholesale way, especially Laxtonian.

My Fordhooks are also priced right and of the usual fine quality as I have always put out from my regular growers. Order your Limas early and get the right price for 1927.

Sterling Strain Brussels Sprout Seed has made good with the farmers this year. Although the two rows in the test at Orient did not show up very good the acres and acres in the fields of the farmers gave good results as you can see by reading the testimonials. Have a large quantity of seed from crop of 1925 grown from extra fine stock carefully selected by my regular grower and inspected by myself. This seed will be treated with the Hot Water Treatment the same as last year and should give even better results than last year's stock.

Corinna Farm Seed Potatoes also made a poor showing in the test and still gave wonderful satisfaction with the farmers. I could not get enough of the seed last Fall to go around among all my satisfied customers. But I did secure a fine lot of Wisconsin Seed and have a good lot of it stored ready for Spring demand. Put your orders in early and make sure of getting some good Certified Seed.

All my Cobbler Seed that I have stored is sold, but I have a car-load coming from Vermont in the Spring of very choice seed. If the Vermont farmer from whom I purchased this seed can be depended on, and I think he can, this seed will be here in time to plant.

I hope that you will all read this catalog over carefully, compare my prices and the quality of my Seeds, Plants, Insecticides, etc. with others, taking into consideration our efforts to please, prompt attention to your orders and readiness to adjust all complaints. Then make out your order and send it along, the earlier the better. If you get it off before April 1st we will put in from one to five trial packets of seeds that are worth trying.

Thanking you all for the business that you gave me in the past and with best wishes for your success in 1926, I beg to remain

Yours very sincerely,

RALPH W. STERLING.

P. S. Please show this catalog to your friends and neighbors and if you need an extra copy or so, let me know, or I will be pleased to receive their names.

N. B. No business transacted on Sunday.
By carefully reading and observing the following directions, mistakes will be largely avoided.

Write your name, address and shipping directions plainly.

Always send the cash with your order, unless otherwise agreed upon. Money may be sent by P. O. Money Order, Bank Draft or Registered Letter. Stamps may be sent for amounts under $1.00, but be sure to put in two-cent stamps, wrapped in waxed paper.

We pay the postage on all seeds sold by the pkt., oz., and ¼ lb. Quantities over that are priced net, to be shipped by parcel post, freight or express, at purchaser's expense, unless otherwise stated.

If you desire your seed sent by Parcel Post, add 7c for the first lb. and 1c for each additional lb. of your order, allowing 2 lbs. extra for package. For amount of postage on plants see Plant Department.

½ lbs. will be sold at lb. rates; ½ bu. at bushel rates.

No charge is made for packing or packages, except in selling Grass Seed, Peas, Beans, etc. in bulk. Then a charge of 45c each has to be made for the 2 bushel seamless bags. These may be returned if in good condition, charges prepaid and the amount will be credited to your account.

Remember, we sell Burpee's Seeds for less money than you can purchase them elsewhere. Burpee's Seeds are renowned for their purity and quality. We have been handling Burpee's Seeds for a number of years and know that they are quite dependable and trustworthy, more so than any other grower's that we have been able to find. Where we do find seeds of merit we carry a full stock of them. Such are the following:

Fordhook Bush Lima Beans, Black Valentine, Bountiful and Burpee Stringless Green Pod Beans, Gradus, Thomas Laxton and Lax-
tonian Peas, and different kinds of Wax Beans and Sweet Corn from Connecticut and Pennsylvania, Bender's Surprise Musk Melon, Early Wonder Beet, Clark Special, Stay Green, Woodruff's Hybrid, and Chicago Pickling Cucumber, Clark Special and Livingston's Selected Strains of Tomato, Dreer's Special Strains of Beet, Extra Early Sweet Corn and French Grown Lettuce Seed, Dreer's Special Flower Seeds and Plants, Mary Washington and Washington Asparagus Seed and Roots, Kroemer's Large Early Erfurt Cauliflower Seed, Sterling Strain Brussels Sprout Seed, Japanese, Yellow, White and Red Onion Sets, Globe Brand Grass, Clover and Alfalfa Seed, Seed Oats and Seed Rye, Northern Grown, Leap's Prolific Seed Wheat, and many other items that you will find by reading this catalog carefully.

Please inform us promptly on the arrival of your order if there is anything unsatisfactory or otherwise than as expected. We aim to make our customers loyal and true friends. But we are only human and once in a great while error creeps in. When it does we are only too glad to rectify same. Where possible use the enclosed order sheet and self-addressed envelope.

Order by name and number both if not in too much of a hurry. Always read your order over carefully before sending and be sure your name and address is on your order. Make a copy of the order so you can check up on receipt of goods.

SPECIAL NOTICE—In filling all orders for Garden Seeds before April 1st, I will put in from one to five sample packages, depending on the size of your order. If you find any of these samples of merit, I would be glad to hear of it.

ASPARAGUS SEED

MARY WASHINGTON. The originator of this strain, Professor J. B. Norton, in his latest bulletin on Asparagus, says: “An ideal strain which the writer considers good enough to mark the culmination of his Asparagus Breeding work, at least for the present. The largest, most prolific and highest grade Asparagus known to the trade. Mary is so good you can see the difference.”

The seed we offer is from the grandchildren of the best Asparagus plants in America, “Mary” and “Washington” now growing on the old Custis farm at Arlington, Va. The seed comes from carefully selected roots and is the best stock available anywhere for seed purposes.
MARY WASHINGTON. (Re-selected) Pedigreed Seed. This is the largest seed of uniform size, making the best roots. You cannot find better seed than this anywhere. Bred from Prof. Norton's original stock. Pkt. 30c, 1 oz. 50c, ½ lb. $1.75, ½ lb. $3.25, lb. $5.50, 5 lbs. $5.00 per lb. Postpaid.

MARY WASHINGTON. Pedigreed Seed. This is the same seed as above only not quite so large a run of seed. Prof. Norton claims the larger the seed the larger the roots. Pkt. 15c, 1 oz. 25c, ½ lb. 90c, ½ lb. $1.70, 1 lb. $2.90, 5 lbs. at $2.75 per lb. Postpaid.

We have over 100,000 fine roots to offer this Spring of the kinds listed above in one-year-old roots and the Martha Washington and Washington in two-year-old roots.

See pages 46, 47 for prices on Asparagus Roots.

BUSH BEANS—GREEN POD

2 lbs. make 1 qt. 1 lb. will plant 100 ft. of drill. 1 bu. will plant 1 acre in hills.

BUSH LIMA BEANS
1 Lb. will plant 100 ft. in hills or 50 ft. in drill; 1/4 bu. to the acre.

Fordhook Bush Limas are the one and only kind for market. They yield heavy, vines are upright in growth, pods are large and thick and the beans are of fine quality, especially when picked young.

Place your order now for 1927 delivery. You may save money.

BEETS—STOCK

No. | Oz. | ¼ Lb. | Lb.
--- | --- | --- | ---
145 GIANT HALF SUGAR. Rose skinned. One of the best for cattle and fowl. Grows large, smooth, and full of sugar | $0.10 | $0.25 | $0.60
147 GOLDEN TANKARD. Yellow fleshes, large, solid | 0.10 | 0.25 | 0.60
151 MAMMOTH PRIZE LONG RED. Largest, heaviest cropping mangel of all | 0.10 | 0.25 | 0.60

Seed by the Pkt., Oz. and ¼ lb. postpaid. Lb. prices are priced net, postage extra. See page 3 for postal rates.

BRUSSELS SPROUT SEED

2 to 3 ozs. will produce enough plants for 1 acre.

STERLING STRAIN. This is a very choice strain of seed selected and grown by the same careful grower that I have had grow this strain for me for a number of years. See page 2 for more about this strain. The plants grow medium tall and this insures a very large crop of choice Sprouts.

This seed will be treated with hot water to prevent Black Stem but to make further sure, be very careful of your seed bed. Do not sow your seed in soil that has grown sprouts or similar kinds in the past four years. If your plants are clean in the plant bed you do not have to be so careful in the field, only do not set in ground that was infected last year. Per Pkt. 25c, Oz. $2.00, ¼ lb. $7.00, lb. $27.00. Postpaid.

CAULIFLOWER SEED

2 to 3 oz. will produce enough plants for 1 acre.

KROEMER’S LARGE EARLY ERFURT. Large white heads, heading up quite freely. There was no strain of seed that gave entire satisfaction last year as to heading up. That is why the price was so good. We have customers, though, who received good returns from Kroemer’s Strain Erfurt, where they set the plants out fairly early. My seed will be treated with the hot water treatment, but to make sure of best results do not make your seed bed in soil that has had like crops on it for four years past, and do not set after potatoes unless potatoes were planted on grass ground or you lime the ground.

Per Pkt. 25c, Oz. $2.00, ¼ lb. $7.00, lb. $27.50. Postpaid.

Will have a large bed of Cauliflower and Brussels Sprout Plants raised from the above strains of seed. Will be pleased to book your orders at any time. Prices always reasonable and ready to adjust them if changes occur.

Spray your Cauliflower and Brussels Sprout Plants with Nicotine Sulphate or dust with Nicotine Dust. They control Thrip and Lice.
CABBAGE SEED—LONG ISLAND GROWN
1 oz. will produce from 2 to 3 thousand plants.

My Cabbage Seed is treated with the new Semi-San treatment to control Black Leg. This dry treatment stimulates germination and we found it very satisfactory last year in controlling disease.

Spray your Cabbage Plants with Nicotine Sulphate for Aphis and Thrip. Or dust with Nicotine Dust if you prefer. We find the dust very satisfactory in keeping our Plant Bed clean.

SPECIAL NOTICE—In filling all Garden Seed orders received before April 1st, I will put in from one to five sample packages, depending on the size of your order. If you find any of these samples of merit, I would be glad to hear of it.

Sterling, Conn., Feb. 10, 1925.

Mr. Ralph W. Sterling,

Dear Sir:—Have you any of your Sterling Strain of Sprout Seed this year? If you have, will you save me 3 ozs. and tell me what it is worth and I will send you check for it at once. Let me know before you sell it all as it is the best seed I ever bought. Hoping to hear from you soon, I remain

Yours respectfully,

G. R. BROWN.

275 WINTER QUEEN. Dwarf type. Very heavy stalks and large hearts ............................. .10 .30 .90

Will have an extra large bed of plants this year. Place your orders early. All kinds listed. See page 57.
Seed by the Pkt., Oz. and ¼ lb. are postpaid.
Seeds by the lb. are net. Postage extra. See page 3 as to postal rates.

THE BULL'S EYE
(o) "Good as Gold." This Mark (o), now called a bulls-eye, was used by ancient Alchemists to represent gold. Burpee uses the Bulls-eye (o) to mark those varieties of vegetables which they consider the very best of their class and most satisfactory for general cultivation throughout the country. About all the kinds that I list carry a "Bulls-eye" in Burpee's Catalog.

CORN—FIELD, POP AND FODDER

1 peck of Field Corn will plant 1 acre in hills 4 ft. x 4 ft.
1 bushel of Fodder Corn will plant 1 acre in drills.

LUCE'S FAVORITE FIELD CORN. A yellow hybrid, makes a leafy stalk and a very fine large ear.
Selected ears, each, 5c; per 100, $3.50.
Shelled, per lb., 10c; 10 lbs., 80c; per bushel of 56 lbs., $2.50.
L. I. RED COB. A reddish colored dent corn of good yielding quality. One of the best for this section. Same price as LUCE'S FAVORITE.
353 QUEEN'S GOLDEN POPCORN. Largest and best. Buy a lb. for popping. Per pkt. 10c; per lb. 30c.
6073 SORGHUM or EARLY ORANGE SUGAR CANE. Succulent and sweet. Per lb., 20c; per 10 lbs., $1.50.
6077 TEOSINTE. One of the best plants for fodder; grows up again after cutting. Use only 6 lbs. to acre. Pkt., 10c; per lb., 60c; 10 lbs., $1.80.

6045 SWEET CORN FOR FODDER. Per lb., 20c.; 10 lbs., $1.80. Please use my order sheet in ordering and order by number and name. More order sheets and envelopes will be sent on request.

LEEK

No. 465 LONG MEZIERES. Burpee's best. Should be blanched white for best quality $ .10 $ .30 $ .80

LETTUCE

1 oz. will plant 250 ft. of drill.

No. 475 BIG BOSTON. One of the best for early sowing or late Summer. Heads best in cool weather. Burpee's select stock $ .10 $ .20 $ .65 $1.85

DREER'S FRENCH UNRIVALLED. Sure heading. Good for sowing in Spring or Summer. Like Big Boston only free from brown leaves, and does not run to seed so quickly $ .10 $.45

474 MAY KING. Quite early, heads nicely in early Spring, quality fine and crisp $ .05 $.15 .50 1.65

476 BURPEE'S WAYAHEAD. One of the earliest heading varieties, fine flavor and a sure heading kind $ .10 .20 .65 1.90

469 BLACK SEEDED TENNIS BALL or SALAMANDA. A great favorite. Quality is there; a sure header $ .10 .20 .60 1.75

473 WHEELER'S TOM THUMB. Heart and outside leaves tender and juicy. Keeps from shooting to seed longer than any other kind, even in hot weather $ .05 .15 .50 1.45

504 DEACON. One of the best Butterhead sorts, quality. Fine for Summer and Fall $ .05 .15 .50 1.20

514 BURPEE'S BUTTERHEAD. Very fine quality, large, solid golden yellow heart $ .10 .20 .60 1.75

528 BURPEE'S BRITTLE ICE. Very crisp and sweet; stands hot weather well $ .10 .25 .75 2.75

530 BURPEE'S ICEBERG. Very crisp and juicy. Outside leaves fringed and tinged with brown, waxy and crisp white solid heart $ .10 .20 .65 1.90

522 HANSON. One of the largest and surest heading sorts. Crisp, mild and tender $ .10 .20 .60 1.65

524 NEW YORK IMPROVED. Some consider this the very best lettuce there is. Leaves curled nicely; heart crisp and sweet; large size; quality. Leaves green $ .10 .20 .70 2.00

493 EARLY CURLED SIMPSON for cutting. Black seeded. Best loose leaved $ .10 .15 .50 1.50

497 EARLY PRIZE HEAD. Outside leaves brown, well blanched heart. Does not head up $ .10 .20 .60 1.75
LETTUCE—Continued

537 COS. or ROMAIN. Dwarf White Heart.
Burpee's best Cos. Crisp, juicy. Does not have to be tied up as leaves curl over .10 .20 .60 1.75

Greens and Salads are rightly called "Nature's Tonics." The American people are too much inclined to eat pastries and highly seasoned and concentrated meat-foods, which are rich in proteins and fats, but are almost entirely lacking in mineral salts. The importance of these mineral salts in the diet, although it has been only recently recognized, cannot be overestimated. The natural source of these essential salts is the Greens and Salads. They should constitute a considerable portion of our food. The majority of the salad plants are easily grown. They are free from insect pests and are adapted to a wide range of soil and climate. They should be grown extensively in every garden. Most varieties can be sown as succession crops, and there is no month during the entire garden season that will not produce one or the other of these useful Greens and Salads. Plant to have Greens and Salads for two meals every day.—Burpee's Annual.

MUSK MELON
1 oz. will plant about 50 hills.

BURPEE'S Musk Melons are the standard for quality.

Mr. Ralph W. Sterling,
Dear Sir:

Strawberry plants are fine. Reached me in splendid order.

Yours truly,

ANNA BLYDENBURGH
MUSTARD

No. 647 FORDHOOK FANCY. Very large. One of the best and largest of greens. $ .05 $ .15

OKRA OR GUMBO

No. 667 PERFECTED PERKINS. Long pod. Very prolific. Used for soups or as a separate dish. $ .05 $ .15

ONION SEED

Crop failed. Seed very scarce and high.

No. JAPANESE YELLOW or EZENEZER. From California. Very mild, long keeper; flat. 2-year-old seed. $ .10 $ .25 $ .75 $2.25
681 PRIZETAKER. American grown. Large yellow. Very heavy yielding, mild flavor. Burpee's selected strain. .10 .40 1.50 5.75
671 YELLOW GLOBE DANVERS. Standard for Winter use. A great keeper. Mild. .10 .50 1.75 6.50
687 RED WETHERSFIELD. The most popular of all red onions. Flat, large and a heavy yielder. .10 .40 1.20 4.50
697 WHITE PORTUGAL or WHITE SILVERSKIN. Flat, large, if sown thin. Sow thick for pickles. Mild. .10 .60 1.75 6.50
711 BURPEE'S GIGANTIC GIBRALTAR. Largest yellow, globe shape. Mild and very sweet. .10 .40 1.35 5.00
707 BURPEE'S MAMMOTH SILVER KING. The largest white onion. Sweet and tender. Matures early. .10 .30 1.10 4.00

Spray your onions with Hall's Nicotine Sulphate and save them from the Thrip.

Eat Onions for Health!

Scientists have found in onions some very valuable ingredients. They claim that onions promote digestion to a marked degree.

Riverhead, L. I., N. Y
Jan. 15th, 1926.

Mr. Ralph W. Sterling,
Cutchogue, L. I.
Dear Sir:
We have had good results from the Cossack Alfalfa seed we obtained from you for the past two years. We drilled it in on oat stubble about August 15th and had a stand 6 to 8 inches high with tap root 4 to 5 before killing frosts. (Samples of which were sent you). We have planned to seed another piece the coming season.
Yours truly,

MILLER P. DAVIS

March 27, 1925.

Dear Mr. Sterling:

Seeds came O. K. also potatoes which are the finest Irish Cobblers I’ve had for a good while. Many thanks. Yours truly,

LEWIS H. BROWN

Wading River, L. I., May 6, 1925.

Mr. Ralph W. Sterling,
Cutchogue, Long Island.

My Dear Sir:
The strawberry plants ordered from you came today in first class condition. I will say that in all the years I have been buying plants, these are the finest that I ever bought or saw.

Very truly yours,

F. T. EMMONS

East Quogue, Dec. 10, 1925.

Mr. Ralph W. Sterling,
Cutchogue, Long Island.

Dear Mr. Sterling:

My strawberries are looking fine. I don’t believe there is better ones in Suffolk County. I am more than pleased with all the stock which I have received from you. I wish you every success which you deserve for the fine quality of goods you furnish. Wishing you a Merry Christmas and a pleasant and prosperous New Year. I am sincerely yours,

N. S. JACKSON
Burpee's Peas are considered the best money can buy, and my stock from Connecticut gave wonderful crops and fine satisfaction the last 3 years. Last year the price was good but even though they only pay expenses the vines are of great manurial value. Plow under a heavy crop of pea vines for your late crops and be convinced of their value.

My GRADUS, THOMAS LAXTON and LAXTONIAN PEAS from Connecticut are considered the best for market. Advise planting as early as possible. The early prices seem to be the best and there is not so much trouble with the Aphis.

GRADUS and THOMAS LAXTON grow tall vines and very large pods. The LAXTONIAN is dwarf in vine and has large pods and lots of them. Seed of the LAXTONIAN is scarce and high.

The RADIO, BLUE BANTAM, LITTLE MARVEL, BRITISH WONDER, CARTER'S DAISY and ALDERMAN or TELEPHONE are the gardener's favorites for table use and for canning.

I have over 100 bushels of choice new crop pea seed this season. Good seed is scarce and high. The prices quoted below for bushel lots are cash prices. Add $1.00 per bushel for time.

1 lb. of peas will plant 100 ft. of row.
1 to 2 bu. to the acre.

All the foregoing prices by the lb. and over are net, postage extra. See page 3 as to postal rates. Pkts. postpaid.

The above is as fine a collection of peas as you can find anywhere I am sure, and have tried to list them in order of ripening. I advise you to select four or five kinds, plant the extra early ones as soon as you can work the ground and then when ground is a little warmer plant the whole succession. That will keep you supplied with peas as long as they will develop properly.

RADISH

Mr. Ralph W. Sterling,
Dear Sir:

From 1 acre Kroemer’s Erfurt Cauliflower grown from your seed this past season, I harvested about two thirds of the plants in the field and received over $400 for the same. I did not see a plant affected with Black Stem, Black Leg nor Blight.

Sincerely,

STEWART W. HORTON

Cutchogue, N. Y., Jan. 19th, 1926.

Can get any other kind of Herb you might want at short notice.

SPECIAL NOTICE—In filling orders of Garden Seeds received before April 1st, I will put in from one to five sample packages, depending on the size of your order. If you find any of these samples of merit, I would be glad to hear of it.

All the foregoing prices in this catalog are postage paid on Pkts., Ozs. and ¼ lbs. Prices by the lb. are net unless otherwise stated. See page 3 as to postage rates.

Cutchogue, N. Y.,
Dec. 1st, 1925.

Mr. Ralph W. Sterling,
Dear Sir:

Am picking Sterling Strain Sprouts now and find them very good. In fact, I have three good strains this year and find yours the best that I have.

Sincerely,

CARLTON E. DICKERSON

Germantown, Ohio
Nov. 14, 1925

Mr. Ralph W. Sterling,
Cutchogue, L. I., New York.

Dear Sir:

We had fine growing weather in this part of the country this last summer and some of those roots I received from you produced as many as 20 shoots to one root and I have seen smaller asparagus sell on market than what they were. They have suited me so well that I think I will place my order with you in the spring for about 7,000 more roots. I won't plant any other kind.

Yours truly,

FRANK C. ROHRER
FARM AND FIELD SEEDS

SEED POTATOES

Use 4 to 5 sacks to the acre.

My stock of Wisconsin Green Mountain Seed Potatoes are very fine. They are Certified and are the "Bill Spud" brand. Would be pleased to have you come look them over before ordering elsewhere.

My Cobblers will come in the Spring from Vermont and they will cost me a lot of money. They are choice Certified Seed and were grown up in the Northern part of Vermont State. Am pricing them just as low as I possibly can.

I sold 9 carloads of seed last Fall and delivered every sack that I took orders for. Hope to be around next Fall to take your order for 1927 but if you get a chance you can give me your order for 1927 at any time. The price will be right.

My own Home-Grown Seed was raised from new seed last year, nice potatoes, nicely sorted, grown from a field that yielded good for the season.

All the New Seed is Certified.

IRISH COBBLERS. Vermont grown. Very choice. Pk. $1.25 Bu. $4.25 Sack of 165 lbs. $10.00

GREEN MOUNTAIN. Best late. Wisconsin grown, "Bill Spud" brand. Certified. See above 1.20 4.00 9.50

GREEN MOUNTAIN. Home grown seed, grown on my own farms from new seed. See above. Market price.

GREEN MOUNTAIN. Home grown, second size. Market price.

The above prices are net cash. Time prices are a matter of correspondence.

SEED OATS

Use 2 to 4 bushels to the acre.

My Seed Oats are very heavy and therefore it takes a few more pounds to sow an acre than it does of the lighter kinds, but the returns are so much more that it pays well.

SCOTTISH CHIEF. The best Oat that we have ever been able to purchase for this section. Very heavy and prolific. Per pk. of 8 lbs., $.60; per bu. of 32 lbs., $1.95.

WOLVERINE. A new kind. Excellent variety for a cheaper oat. Pk., $.50; Bu. of 32 lbs., $1.75.

SEED OATS by the bag. A very heavy Seed Oat packed in 80-lb. bags. Michigan grown. Per bag, $3.00.

If anyone wants to sow Oats for pasture or for plowing under, Seed Oats by the bag are the kind to use, but if you expect to thresh your crop use Scottish Chief or Wolverine. 2 or 3 extra bushels will pay for the extra cost of the seed.
STERLING'S ANNUAL CATALOG

SEED WHEAT

SPRING WHEAT. Marquis, the best Spring Wheat. Very prolific, early. Per pk. of 15 lbs., $1.00; per bu. of 60 lbs., $3.50.

WINTER WHEAT, for Fall Seeding. Leap's Prolific. The most prolific, hardy and satisfactory Wheat ever grown in this section. Red kernel, stiff straw, bald. This seed will be grown on our own farm from new stock seed last Fall. Carefully rogued and cleaned. Price on application.

SEED RYE

SPRING RYE, more suitable to sow in the Spring than the Rosen Rye. Fine seed. Per pk. of 14 lbs., $.85; per bu. of 56 lbs., $3.10.

SEED RYE FOR FALL SOWING. ROSEN RYE. This is the best and the cheapest in the end as it is recleaned and of high germination. Get my prices before ordering elsewhere.

VETCH and CANADA FIELD PEAS

WINTER VETCH. For Fall Sowing. Mix a little in with your Rye for a cover crop. We find that it pays. Price on application.

SPRING VETCH. For Sowing in the Spring for a cover crop to plow under for a late crop. Per lb., $.12; 10 lbs. or more at $.10 per lb. Mix with oats.

CANADA FIELD PEAS. For Sowing in Spring and early Summer for a cover crop to plow under for Cauliflower, Brussels Sprouts, etc. Both the Canada Field Peas and the Vetches are Legumes and add fertility to the soil. Innoculate the seed with Mulford Cultures if you are not sure they do well on your farm. Per 10 lbs., $1.00; per bu. of 60 lbs., $4.20. Use 1 bu. Peas and 1 bu. Oats to the acre.

SOJA or SOY BEANS

Have the best kind of Soy Beans for this section. Used for plowing under green to build up your soil, or for hay. Sow in May or June.

EARLY YELLOW. Quick maturing, very productive. Per 10 lbs., $1.00; per bu. of 60 lbs., $4.10.

COW PEAS

Used to improve the soil. Sow in May or June.

WHIP-POOR-WILL. The best kind for this section. Per 10 lbs., $1.20; per bu. of 60 lbs., $5.20.

Warning. Do not sow your Cow Peas, Soy Beans or Spring Vetch until your ground is warmed up a little. If sown too early they will fail to germinate, or if they do sprout, they will not thrive. They are also helped by inoculation.
SUDAN GRASS

If you have lost out on your Summer's Hay crop sow an acre of this and get a heavy crop of succulent, valuable fodder.

We find this the best Grass for Pasture that we have ever tried. Use 15 to 20 lbs. with 1 bu. of Oats, on one acre of ground. Sow after ground warms up on good soil and this acre will keep one cow in good condition all Summer. 2 acres will keep 2 cows and so on.

For Hay use 20 to 25 lbs. to the acre, broadcast, or 10 lbs. in drills and cultivate. Crops of 5 tons to the acre have been grown. Northern seed. Per lb., $.15; 10 lbs. or more, at $.12 per lb.; 50 lbs. for $5.00.

COSSACK ALFALFA

The surest and best kind of Alfalfa to grow. Here are a few reasons:

"It is the hardiest Alfalfa known."
"A better soil builder than other Alfalfa."
"More drought resistant on account of the long tap root."
"Has a double root system, both branched and deep."
"Makes a finer quality hay."
"Will yield more hay per acre no matter what the weather conditions are."
"Freezing does not kill young plants. The branched roots keep them from heaving."

Use 10 to 15 lbs. to the acre. Inoculate the seed with Mulford Culture and sow on sweet soil. Lime will make your soil sweet. All our Alfalfa Seed is Northern grown. Per lb., $.55; per 10 lbs. or more at $.50 per lb.

GRIMM ALFALFA

This has been tried around here for the last few years and found to stand the Winter better than our Northwestern Alfalfa, but not quite so drought resistant. This seed comes from the Northwest, is over 99% pure and is Dodder free. 96% germination. Same can be said of the Cossack.

Per lb., $.55; per 10 lbs. or more, at $.49 per lb.
Inoculate your Alfalfa Seed with Mulford Culture.

BUCKWHEAT

The best thing to sow on stump land, does well in sour soil. Fine for bees and to smother out bad weeds and quack grass.

JAPANESE BUCKWHEAT. The best kind to use in this section. Very prolific. Very large grain. Per 10 lbs., $.75; per bu. of 48 lbs., $2.50.

RAPE SEED

DWARF ESSEX RAPE. Makes a wonderful growth for seeding down hen yards, hog or sheep pastures. Per lb., $.18; per 10 lbs. or more, at $.14 per lb.

Mix 10 lbs. Rape and 1 lb. Kale for your Duck Greens.
BARLEY

FANCY SIX ROW. Makes good pasture. Per 10 lbs., $.50; per bu., $2.25. Does not rust like oats.

GRASS, CLOVER and ALFALFA SEED

Prices liable to change without notice.

Terms strictly cash.

The Globe Brand is the very best grade of Grass, Clover and Alfalfa Seed on the market. I make my prices just as reasonable as is possible consistent with the quality. It is the very last fraction of 1% in purity that costs money. The best is what I am always looking for. I believe that it pays big returns, too, as it is truer in seeds than in anything else that "the best is none too good."

My Hay Mixture for one acre is 10 to 12 lbs. of Timothy, mixed with 6 to 8 lbs. Clover, part Red and part Alsike, or all Alsike if you prefer, and sow early in the Spring, alone, or with Oats, or in August and September. If sown in wheat, sow the Timothy in the Fall with the wheat, and the Clover in March or April following.

In sowing Timothy alone without Clover use 15 to 20 lbs. to the acre. If your land is sour and Grass and Clover does not do well as a rule, a little lime sown on top of the ground and harrowed in before sowing the seed would be a great help.

We do not handle foreign grown Clover Seed. All our Clover and Alfalfa Seed is grown in the U. S. A.

Special prices on 100 lbs. and over. Ask us about them.

TIMOTHY. The brightest and purest seed on the market ........................................... $.12 $.14

RED CLOVER. Domestic, best grade. Northern grown .................................................. $.40 $.43

ALSIKE CLOVER. Does well where Red Clover sometimes fails. Best grade; domestic ............. $.32 $.35

ALFALFA. Finest Montana grown ................................................................. $.25 $.28

ALFALFA, COSSACK. See page 31 .................................................................. $.50 $.55

ALFALFA GRIMM. Genuine. See page 31 .................................................................. $.49 $.55

SWEET CLOVER. White blooming, hulled, perennial ........................................... $.18 $.20

CRIMSON CLOVER. Sow in July and August. Price on application.

WHITE CLOVER. Fine for lawn or pasture .................................................. $.60 $.65

RED TOP. Fancy re-cleaned. Very scarce and high. Fine for Lawns, stump ground, or anywhere the ground is sour. Best grade .................................................. $.41 $.45

KENTUCKY BLUE GRASS. Does best on sweet soil. Best grade. Fine for lawns .................................................. $.43 $.47

ORCHARD GRASS. Earliest pasture .................................................. $.24 $.26

GOLDEN MILLET. Sow in June for pasture or hay .................................................. $.09 $.11
GRASS—Continued

HUNGARIAN GRASS. Easier to cure than the Golden  .08 .10

JAPANESE MILLET. Considered the best kind of all  .07 .10

SUDAN GRASS. Grows something like Sorghum. See page 31 ......................................................... .12 .15

STERLING PASTURE MIXTURE. My blend of the best kind of Grass and Clover Seed, suitable for growing for pasture. State if you do not want Orchard Grass in it as some do not like this grass. Contains some White Clover. Use 20 lbs. to the acre... .32 .35

LAWN MAKING

Lawn making has been reduced to a science by the Department of Agriculture. Experiments have demonstrated that the stand-by of lawns in this country, where lawns can be made, is Kentucky Blue Grass; and that the best method of obtaining a Blue Grass lawn is to sow a mixture containing Red Top. The latter germinates more quickly, and helps make a thick lawn the first few years, but gradually gives way to the spreading blue grass. White clover is usually mixed in, where clover is not objectionable, because it helps thicken the early turf, and secretes nitrogen from the air, which helps the grass. Our grass seed is exactly what we represent, recleaned and free from weeds.

Loosen the soil in which a new lawn is to be made to a depth of at least five inches, and lighten it with humus or several inches of sand, compost or manure if it is heavy and inclined to bake. Apply fertilizer liberally, either Sheep Manure, Bone Meal, Vigoro or a commercial fertilizer.
Sow in the early spring when cool weather and ample rainfall will insure complete germination and a good start for the seedlings before hot dry weather comes. If seeding must be delayed, special precautions must be taken to prevent the ground drying out. Early fall is a very desirable time to plant.

See that the seed is well covered. Rake it into a new seed bed and roll so that the soil is firmed over the seed. Where seed is sown on an old lawn always cover it with a top dressing of sand or soil and fertilizer. Seed thrown on the top of hard ground has no chance to grow and will merely wash off.

Use lime if you think soil is inclined to be sour. If sorrel comes in natural it is a sign of a lack of lime.

For a good, permanent lawn, use 1 lb. lawn seed to 400 sq. feet, 80 to 100 lbs. to the acre. For reseeding an old or poor catch, use half that amount.

So. Coventry, Conn., Dec. 20th, 1925.

Mr. Ralph W. Sterling,
Cutchogue, N. Y.
Dear Sir:

Your Sterling Strain Bussels Sprouts were the best that I ever had. They were so good that I want you to save me 1 pound for next year.

Sincerely,

CARL FRANZ
STERLING'S ANNUAL CATALOG

VIGORO

In new seedings use 2 to 4 lbs. to 100 sq. ft. In fertilizing old lawns use 1 to 2 lbs. to 100 sq. ft. Always wet in thoroughly after application.

Small pamphlet describing Vigoro sent on request. A large illustrated pamphlet, "The Home Beautiful" comes packed in every bag.

25 lb. Bag, paper lined ........................................ $1.75
50 lb. Bag, paper lined ........................................ 3.00
100 lb. Bag, paper lined ...................................... 5.00

Cash Price. F. O. B. Cutchogue Station or at the Farm.

SHEEP MANURE

Fine for Lawns, Gardens and Flower Beds. This is one of Swift & Co.'s products and is very high grade. A good application mixed in your Flower Garden Soil will show wonderful results.

10 lb. Bag ....................................................... $ .60
25 lb. Bag ....................................................... 1.25
100 lb. Bag ..................................................... 3.50
500 lbs. (5 Bags) ............................................. 15.00
Per Ton of 2000 lbs. (20 Bags) ................................ 50.00

BONE MEAL

One of the best fertilizers for Lawns, Roses and other Flowers. Also fine for top dressing hay fields. Swift's Brand, which means high grade. Analysis on request.

10 lb. Bag ....................................................... $ .60
25 lb. Bag ....................................................... 1.25
100 lb. Bag ..................................................... 4.00
500 lbs. (5 Bags) ............................................. 16.00
Per Ton of 2000 lbs. (20 Bags) ................................ 55.00

LIME

Ivory Brand Lime is the highest grade Hydrated Lime there is made. This is very fine for Lawns and Gardens, sweetening up the soil and making Plant Food available.

Ground Lime Stone is also good for this purpose, some authorities claiming that it is better for lawns than the Hydrated Lime.

Ivory Lime, per 10 lb. Bag ..................................... $ .25
Ivory Lime, per 50 lb. Bag .................................... .85
Ivory Lime, per 500 lbs. (10 Bags) .......................... 7.50
Ivory Lime, per ton of 2000 lbs. (40 Bags) ................ 27.50

**PLANT, ROOT AND BULB DEPARTMENT**

Plants are one of my specialties, as I raise them in Hot Beds, Cold Frames and in the Field. Customers are invited to come and look my stocks over before buying. My prices are as low as I can make them, consistent with the quality. I always use the best quality seed to be procured in my plant beds, and spare no expense and care to have them A No. 1 in every respect.

50 plants of one kind will be sold at 100 rates, 500 of one kind at 1,000 rates.

In shipping plants, the roots are kept quite moist, and packed in wet moss, thus insuring their safe arrival. We use the utmost pains to pack and mark our plants so they will arrive at their destination in the very best shape. If they do not, please advise at once. We are always ready and willing to make any mistakes or errors right, if it is possible to do so, to the value of the original amount.

We price our plants just as cheaply as possible and transportation charges are not figured in. So if you want your plants sent by Parcel Post see instructions below each kind listed. If no postage is added to your order we will ship the order, Postage C. O. D. Large orders should go by Express, collect.
My Strawberry Plants are raised on fresh ground, well fertilized and carefully taken care of. They are well rooted, healthy and true to name. We have tried out many, many kinds and find that only a few kinds seem to do well in this section. Such a kind is the Premier. This kind comes early and stays late, yields heavy and keeps its size well. The Corsican and Rykeman are both very popular for mid-season, being large, sweet and very prolific. We have yet to find an extra good late berry for this section. Monroe holds up pretty well, Gandy is good, but has its faults. We were well pleased with Delicious last year. Chesapeake and Aroma are very shy bearers with us.
Price List of Sterling’s Strawberry Plants

CAMPBELL’S EARLY. Matures its crop very early. The best extra early kind we have found .................... $ .25 $.80 $2.10 $6.00

PREMIER or HOWARD, NO. 17. The best kind I have ever tried for table use or for market. Begins to ripen early; large, long red berries and keeps right on through the longest season of any berry found yet, and keeps its size and color well, right up to the end of the season. Everybody is praising Premier and there’s a reason. If you can only have one kind this is the kind to have... .30 .90 2.40 6.50

DR. BURRILL. An Improved Senator Dunlap—Very prolific, dark red, large, good flavored berries. Makes plenty of plants and always yields well .............................................. .30 .90 2.30 6.00

RYKEMAN. Considered by some the same as Corsican, and by others even better than that fine stand-by. This is true stock that I secured from an enthusiastic Rykeman grower .30 .90 2.40 7.00

CORSICAN. One of the sweetest berries grown. Large plants, leaves and berries, fruit stems long and stiff. Very productive .30 .90 2.40 7.00

JUDITH. Fine quality, almost equal to Marshall ........................................................... .30 .90 2.40 7.00

BIG JOE. Mid-season, large berries, firm and productive. Runs small towards the end of the season .............................................. .30 .90 2.40 6.50

GIBSON. Very productive. Popular in some places ......................................................... .30 .90 2.40 7.00

EATON. Called by some the best of the newer kinds. Vigorous grower, productive, large and very red .............................................. .30 .90 2.40 7.00

DELICIOUS. Proved the best of the newer sorts for us last year. Sweet, good color and prolific. Midseason to late .................. .40 1.00 2.75

COOPER. A good sort in some sections. Large and fairly good flavor .................. .30 .90 2.40 7.00

WILLIAM BELT. Always considered a high quality berry. Where it does well it certainly is fine, but it sometimes blights, rusts and gets knotty .............................................. .30 .90 2.40 7.00

MONROE. An improved Brandywine. Very dark red ................................. .40 1.00
STERLING'S ANNUAL CATALOG

STRAWBERRY PLANTS—Continued

MARSHAL. This is the straight Hope Farm Strain, direct from Mr. Collingwood last year. They are considered the best quality berry there is, but not a real heavy yielding berry. Dark red

CHESAPEAKE. One of the best for late where it will do well. We never had it do well for us yet

GANDY. The standard for late. Sour and firm. One of the best for shipping. Does not yield heavy

BIG LATE. This was a disappointment to us as it yielded nothing much but leaves for us

Have tried to list the above kinds in order of ripening. All the kinds listed have perfect blossoms except Big Late, which has an imperfect blossom and needs another kind near it to pollenate the blossoms and make perfect fruit.

Have made the descriptions for these varieties as truthful as it is possible to do with such a variable fruit as the Strawberry. You have to try out the varieties for yourself to find what does well in your soil. The Premier is the only kind that I have found yet that does well for everybody.

EVERBEARING STRAWBERRY PLANTS

CHAMPION. Perfect blossom, very sweet berry and the best Everbener that has been produced so far. Set the plants this Spring, keep all blossoms pinched off until July and then thin the blossoms out from 40% to 60% right through the rest of the season. You will then have good-sized berries of fine flavor right up to freezing weather and another crop the following Spring. Plants per doz., $ .40; per 3 doz., $1.00; per 100, $2.00.

All prices quoted above are net at the farm. If you want your Strawberry Plants sent by Parcel Post add 8c per 25, 12c per 100, 18c per 200, 25c per 300; quantities over that should be sent Postage C. O. D.

Gaylordsville, Conn., April 29th, 1924.

Mr. Ralph W. Sterling,
Dear Sir:—The Strawberry Plants received April 28th in fine condition many thanks for prompt delivery.

MRS. JENNIE F. DURYEA

Sag Harbor, N. Y., Feb. 14, 1925.

Mr. Ralph W. Sterling,
Cutchogue, N. Y.
My Dear Sir:
Your seeds have always given me very good satisfaction. Also the potted tomato plants you sold me did wonderfully well. Will you have any for sale this season?

Sincerely yours,

CHARLES F. HALLOCK
Strawberry Plants in August, September
and October

We will have about all the kinds listed and some new kinds as well for Summer and Fall setting, from our new bed. New plants, well rooted and true to name.

The price for Summer and Fall is higher than Spring prices, but I try to make the price as reasonable as possible and I think you will grant that, when you consider that one, two or sometimes three smaller plants have to be thrown away and wasted in order to get one good, strong, well-rooted plant.

Write for prices.

RASPBERRY PLANTS

CUTHBERT. One of the best for this section. Prolific, large, sweet berries. Makes plenty of plants. Per doz., $1.00; per 2 doz., $1.75; per 3 doz., $2.25; $5.00 per 100.

ST. REGIS. Everbearing. The best everbearer yet found. Price same as Cuthbert.

RHUBARB ROOTS

OLD FASHIONED PIE PLANT. Large stalks with reddish tinge. Per root, $.10; per doz., $1.00; per 2 doz., $1.75.

If you want Raspberry Plants and Rhubarb Roots sent by Parcel Post add 12c per doz. to above prices.

ASPARAGUS ROOTS

One year old Roots. Grown from High-Priced, Pedigree Seed, the best there is. These roots are large, healthy and ready to grow.

WASHINGTON. Grown from Pedigree Seed that was produced by the originator. Very rust-resistant. Grows quite tall before branching so it is suitable for cutting green. Quality fine, very productive. Large stalks ................. $ .20 $1.25 $10.00

MARY WASHINGTON. From Pedigree Seed. originator’s stock. Prof. Norton claims that this kind is the largest, most productive and finest flavored Asparagus yet developed. Very high branching which makes it the best for cutting green. Rust-resistant ....................... .25 1.50 13.00

MARY WASHINGTON. From Re-selected Pedigree Seed. The originator charged $5.00 per lb. more for this seed than for the Pedigree Mary. It takes about 5,000 roots to set 1 acre. $1.00 per 1,000 less on 5,000 lots or more. .30 1.75 15.00
2-YEAR-OLD ASPARAGUS ROOTS
You can set these roots out and cut asparagus next year.

WASHINGTON. From the same Pedigreed strain
of seed as the one-year old roots. Very large roots $ .25 $1.50 $14.00

MARTHA WASHINGTON. The most Blight Re-
sistant of any kind yet developed. This seed came
from Prescott of Concord, Mass. He raises over
30 acres of Grass for the Boston market and con-
siders the Martha as his best kind, but he has no
Mary. Very large roots ........................................... .30 2.00 17.50

All expert gardeners and farmers will tell you that one year old
Asparagus Roots are the best kind to set out for field culture. One
year old roots recover quickly from the shock of transplanting and
are not badly cut and broken. Set out Sterling Grown Roots this
year, about six inches below the surface of the ground, cover with two
inches of soil. As the plants grow up fill trench with well rotted
manure and more soil, and some good garden fertilizer on top of that.
Do not put fertilizer next to any kind of root or plant if you want
them to live.

If properly taken care of you can cut your bed the following Spring
until June 1st, letting it grow up after that and giving it more manure
and fertilizer. The second year from setting cut till July 1st, always
feeding it well after letting it grow up.

COLD FRAME PLANTS
Hardy, Well-Rooted Plants from Best Strains of Seed.

CABBAGE PLANTS

GOLDEN ACRE. New, earliest flat head, fine......... $ .20 $1.00
EXTRA EARLY JERSEY WAKEFIELD. Earliest
pointed heads .................................................. .15 .60 $5.00
EARLY CHARLESTON WAKEFIELD. Very large
pointed heads .................................................. .15 .60 5.00
EARLY SUMMER. Large flat heads. These three
make a fine succession ....................................... .15 .60 5.00
COPENHAGEN MARKET. The earliest flat head
of good size ................................................... .15 .60 5.00

MAGGOT CONTROL
You can raise fine Cabbage without damage from Maggots if you
will follow the directions given below:
To 5 gallons of water add ½ oz. Formaldehyde. After mixing
thoroughly, pour about a tablespoonful around each plant once a week.
Begin to do this by the last of May or as soon as you see the Maggot
Fly.

OR

Add 1 oz. Corrosive Sublimate to 8 gallons water. Put ½ cupful
to each plant once a week at the same time as above.

The poisons may be purchased at any drug store.
LETTUCE PLANTS

BURPEE'S WAYAHEAD. Quick heading. Good quality ........................................ $ .15 .25 .75

NEW YORK or WONDERFUL. Large heads of finest quality .................................. .15 .25 .75

BIG BOSTON. Sure heading. Fine ........................................................... .15 .25 .75

DREER'S UNRIVALLED. A fine head lettuce.................................................... .20 .30 1.00

MATCHLESS. The newest and best kind. Sweet, tender and long standing .................. .25

Pansy Plants

Well Hardened Wintered Over Plants from Burpee's and Steele's Best Kinds.

Burpee's Giant

We have a fine mixture of Burpee's and Steele's best and newest kinds. The new Henna Red, Yellow, White and Orchid flowered kinds. If you can come look them over and pick out just the colors that you want, or, write me the colors you prefer, I am sure that you will be pleased with Sterling's Pansy Plants. These plants are not all exhausted from blossoming too long. You will get the full benefit of all they have. Mix some well rotted manure with your soil for best results. Well rooted stocky plants at 5c each, 50c per doz., $3.00 per 100, postpaid. A slight reduction when you get them at the Farm.
HOT BED PLANTS
Ready in May and June.

TOMATO PLANTS
Transplanted, well-hardened, stocky plants. Grown from Livingston's and Burpee's Selected Seed.

GLADIOLA BULBS. Dreer's Gold Medal Mixture. A wonderful diversity of color. By far the finest mixture ever offered at this price. 6c each, 65c per doz., $5.00 per 100. Postpaid.

GLADIOLA BULBS. Burpee's Best Mixed. A well balanced assortment of the leading colors. 6c each, 6 for 35c, 60c per doz., $3.75 per 100. Postpaid.

GLADIOLA BULBS by name. Send us a list of what you want and we will gladly get them for you and save you money in the bargain.

DAHLIA BULBS. Fine mixed. All shades and colors. 3 for 35c, Collection of 12 bulbs for $1.00. Postpaid.

DAHLIA BULBS. Named varieties. Send us a list of what you want and we can get them for you. Dreer is headquarters for the very finest Dahlia Bulbs. I can save you money on your orders.

CANNA BULBS. King Humbert. The most popular of all Cannas. Orange Scarlet flowers and large Bronze foliage. 20c each, $2.00 per doz. Postpaid.

CANNA BULBS. Yellow King Humbert. Yellow Blossoms, Green Leaves with once in a while a revert to the Bronze-leaved parent. 4½ ft. 20c each, $2.00 per doz. Postpaid.

BULBS FOR FALL PLANTING

Will have a full supply of the following in the Fall, which is the proper time to set these Bulbs and Roots:

IRIS, both German and Japanese.

PEONIES. Six of the finest kinds.

HARDY PHLOX. Six of the best kinds of this beautiful flower.

HYACINTH, CROCUS, NARCISSUS and TULIPS for Spring flowers.

Can supply you with the IRIS, PEONIES and PHLOX in the Spring if you want to take a chance of their living.

Perennials

These plants are grown from seed sown last Summer and Fall in the field and in frames. They are grown from the best seed procurable, Dreer's and Burpee's, and the most popular sorts. They should bloom this year if set in good season. Take care of them and they will bloom for many years. Dig the bed deep, enrich with well rotted manure, keep clean and give protection in the Winter. That is all that is necessary. Nice plants.

Each Doz.

AQUILEGIA or COLUMBINE. Long-spurred Hybrids. Beautiful in color and variety. Blossoms in June.... $ .10 $ .75

CAMPANULA or BELLFLOWER. These are really a Biennial but will seed themselves if kept clean. One of the most beautiful of garden flowers. All colors, single .10 .75
CAMPANULA. Double Bellflower, mixed colors ............. .10 .75
CANTERBURY BELLS. True Cup and Saucer. Blue... .10 .75
BELLIS or DOUBLE ENGLISH DAISY. A pretty little flower in different shades of Rose and Red. Also White
FOXGLOVE or DIGITALIS. Large spikes of beautiful bell-like flowers. Large plants ..................... .15 .80
DELPHINIUM or HARDY LARKSPUR. Deep Blue or different shades of blue mixed as you prefer. Nice plants ..................... .10 .75
HOLLYHOCK or ALTHEA. Single mixed colors. Free blooming ............................... .10 .75
HOLLYHOCK. Double mixed. Very beautiful double flowers ........................................ .10 .75
LUPINES. Beautiful spikes of white, rose and blue. One of the best for cut flowers. Field grown ............. .10 .75
SWEET WILLIAMS. Either Single or Double mixed. Fine ........................................ .10 .75
ORIENTAL POPPY. The most showy of all Perennials. Large deep red flowers. Nice plants ..................... .10 .75
GAILLARDIA or BLANKET FLOWER. Beautiful large flowers with yellow tips and crimson centers ......... .10 .75
PANSY PLANTS. All colors. With protection these have been kept 2 and 3 years ..................... .05 .50

Postage on Perennials, 12c per dozen extra.
CHRYSANTHEMUMS. We had a wonderful exhibit of these beautiful flowers in our hot-house last Fall. Many who saw them engaged plants for this Spring setting. Will have the following colors potted up and will sell them at 20c and 25c each according to variety:
White, Pink, Golden Bronze, and Yellow at 20c each.
Very large blossoms in White, Pink and Yellow at 25c each.
These varieties are not all perfectly hardy so they must have some protection through the Winter or kept in a cool storage place.

TREES, SHRUBS AND GRAPE VINES
Will have a good assortment of Evergreen Trees for your selection in the Spring and will price them very reasonable as to size and quality. Will set them out for any one within a radius of 10 or 15 miles. Otherwise they will be sold with a good big ball of soil and carefully burlapped. The setting out will be an extra charge.
FRUIT TREES. Will have many of the best kinds that you may want. We get them from one of the best growers in the state and we are quite sure they are true to name and of the best quality.
GRAPE VINES. The 8 best kinds, according to Mr. E. S. Miller, the Grape Wizard of Wading River. Good two-year old vines.

ROSE BUSHES. We get our Rose Bushes from Dreer. These bushes are the best money can buy. A very large assortment of Hybrid Hardy Tea Roses, new sorts and older, most popular kinds. The Dreer Dozen Hardy Everblooming Hybrid-Tea Roses are wonderful. Then there are the French Hybrid Tea, the Irish Hybrid Tea, the California Hybrid Tea, the Hybrid Perpetual Roses, The Baby Ramblers, all sorts and colors, and many other kinds. Secured on order.

Also a list of 25 kinds of Rambler and Climbing Roses. We keep in stock a good supply of the following from another grower:

DOROTHY PERKINS. One of the best Hardy Ramblers........ $ .50
CRIMSON RAMBLER. The most popular climber .............. .50

FIELD GROWN PLANTS

Ready from June 20th to August 20th approximately.
All my plants are raised on fresh ground and the very best strains of seed are always used. In fact the same seed as I use in my own fields.

BRUSSELS SPROUT PLANTS

The seed is treated for Black Stem, Blackleg, etc. and you are thus assured of strong, healthy plants free from disease. Plants are raised on fresh ground free from disease.

STERLING STRAIN. From seed raised especially for my own critical trade. See testimonials in preceding pages .......................... $ .15 $ .60 $4.00
Price by the thousand is liable to change, depending on the season.

CAULIFLOWER PLANTS

My seed is treated with the hot-water treatment, insuring against Black Stem, Blackleg and some say, against Blight. Plants raised on fresh, disease-free ground.

KROEMER'S LARGE EARLY ERFURT. Large, snow-white heads. One of the best for main crop $ .15 $ .60 $4.00
KROEMER'S EXTRA EARLY SNOWBALL. Mr. Kroemer calls this the best Snowball to grow for early or late crops .......................... .15 .60 4.00
Price by the thousand is liable to change without notice.
CELERY PLANTS

Ready in July and August. Grown on fresh ground from the best seed.

FORDHOOK or EMPEROR. From Burpee’s Seed. This new celery has given fine satisfaction wherever tried. Dwarf type, stocky, crips and of the finest nutty flavor. Large heart.

Per doz. $ .15
Per 100 .60
Per 1000 5.00

GOLDEN PLUME. Livingston’s Strain. A new variety, said to be one of the finest for second early or for late storing. Grows strong, healthy, large plants of extra quality. Blight proof. Seed $3.00 per oz.

Per doz. $ .20
Per 100 .80
Per 1000 6.00

WHITE PLUME. Self blanching. Best for extra early

Doz. 100 1000
$ .15 $ .50 $4.00

GOLDEN SELF-BLANCHING. Burpee’s American Grown Seed. Fine flavor. Dwarf type. Second early

HENDERSON’S EASY BLANCHING. Does well where other kinds will not grow. Good quality.

DREER’S MONARCH. Does well on many soils. One of the easiest kinds to raise. Strong, large plants. A great Winter keeper. Very sweet and fine

GIANT PASCAL. Tall Winter. Fine nutty flavor.

WINTER QUEEN. Stocky, very large, crisp and of fine flavor

Add 5 cents per doz., 12 cents per 100 and 8 cents for each additional 100 if you want these plants sent by Parcel Post.

Mr. Ralph W. Sterling,
Medford, L. I., Cutchogue, L. I.
February 25, 1925.

Dear Neighbor:

Not even your immediate family feels as good over your extremely neat, shipshape catalog as your neighbor down here in the Pine Barrens. It will do you a heap of good and there is no reason in the world why you shouldn’t be among the leaders in the seed business in this country.

Loyally,

HAL B. FULLERTON,
Director of Agriculture
CABBAGE PLANTS

This seed is treated for Black Stem.

Plants are all grown from choice Long Island grown seed excepting the Danish Ball Head.

Doz. 100 1000

ALL SEASON. Sure heading. Large, flat heads... $ 0.10 $ 0.50 $ 3.00
EARLY FLAT DUTCH. Best for late setting..... .10 .50 3.00
Savoy. Long Island Special. Curled or crumpled leaves. Best quality ..................... .10 .60 4.00

DANISH ROUNDHEAD. Short stems, very solid .10 .50 3.00
ALLEN'S MAMMOTH ROCK RED. Sure heading .15 .60 4.00

If you want any of the Brussels Sprout, Cauliflower or Cabbage Plants listed above sent by Parcel Post add 8 cents per doz., 12 cents per 100, and 8 cents per 100 for each additional 100, to above prices.

POULTRY DEPARTMENT
S. C. WHITE LEGHORNs

We have about 50 nice Leghorn hens, Sterling Strain, and have mated them to 5 nice Barron Strain cockerels. This should give a pen that would be satisfactory in every way. Nice large white eggs, just what you want for new blood in your flocks or to start your new flock with.

EGGS FOR HATCHING

Per Setting of 15 eggs ........................................ $1.90
Per 3 Settings, 45 eggs ...................................... 4.00
Per 100 eggs .................................................. 7.00

My Eggs for Hatching are packed carefully in substantial carriers. A 10% discount is allowed to customers who come and get the eggs at the Farm, using their own containers.

BROODERS, INCUBATORS AND POULTRY SUPPLIES
Wishbone Oil-Burning Valveless Brooders

The Valveless Wishbone Brooder is the best and simplest on the market. Nothing to get out of order, gives lots of heat where the chicks need it, fresh air, too, and all you have to do is to clean the wick once in a while and keep the oil tank filled.

COMPLETE BROODERS
What They Cost

50-100 chicks, No. 22— with 22-inch canopy .......................... $10.00
100-350 chicks, No. 32— with 32-inch canopy .......................... 16.00
350-500 chicks, No. 42— with 42-inch canopy .......................... 19.00
500-1000 chicks, No. 52— with 52-inch canopy .......................... 22.00

STERLING MIXED DRY MASH

A nicely balanced Dry Mash containing the very best grade of Beef Scrap, Middlings, Corn Meal and other grains. Has given excellent results wherever tried. Makes hens lay. Per 10 lb. pkg., 50c; per 100 lb. bag, price varies, write for prices.

Can get you any kind of grain that you might want.
INSECTICIDES, SPRAYING MATERIAL AND SUPPLIES

“ELECTRO” SPRAY MATERIALS

Vreeland’s “Electro” Arsenate of Lead, “Electro” Calcium Arsenate and “Electro” Bordo Powder are the best grade spraying materials that I can procure. Get my prices and analysis before buying elsewhere. You only have to use 2 to 4 lbs. to 50 gals. of water of the Arsenates, and 5 to 6 lbs. of the Bordo Powder. These powders come packed in convenient sized pkgs. at the same price per lb. as a 100 or 200 lb. drum and are much easier to handle.

The prices on all Insecticides and Spraying Material quoted are net cash. Time prices are 1 cent per lb. higher. Prices liable to change without notice.

ARSENATE OF LEAD

Vreeland’s “Electro” brand. The standard of quality. Per 25 lb. pkg., 19c per lb.
Vreeland’s Arsenate of Lead packed in 5 lb. bags, 6 to a case.
5 lbs. or more at 19c per lb.
Vreeland’s Arsenate of Lead, 1 to 4 lbs., at 25c per lb.
Niagara Arsenate of Lead. A fine brand of lead, fluffy and fine ground. 5 lb. pkgs., 10 to a case, per lb., 18c.

CALCIUM ARSENATE

A light, fluffy powder, stronger than the Arsenate of Lead, and keeps in solution better.
Vreeland’s “Electro” brand. Arsenic Oxide not less than 40%. 25 lb. pkg. at 11c per lb., 5 lb. pkg. at 11c per lb, 6 to a case.
Niagara Calcium Arsenate. A fine brand of Calcium packed in 5 lb. pkgs., 10 to a case or in 100 lb. drums at 10c per lb.
Use Calcium with your Bordeaux Mixture and save money on your Poison.

VREELAND’S “ELECTRO” DRY POWDERED BORDO MIXTURE

This mixture contains not less than 18% copper and is very finely ground. Use 5 to 10 lbs. to 50 gals. water, for control of Blight and Fungus. Packed in 5 lb. bags, 6 to a case, 5 lbs. or more at 17c per lb. 1 to 4 lbs. at 20c per lb, 100 lbs. $16.00.

VREELAND’S “ELECTRO” DRY POWDERED BORDO-LEAD MIXTURE

This is a mixture of Dry Arsenate of Lead and Powdered Bordo. It controls Blight and kills the bugs at the same time. Also good for dusting Tomatoes and other plants for Fleas and Lice. They cannot live in a heavy dusting of this.
Packed in 25 lb. pkgs. 5 lbs. or more at 20c per lb.; 1 to 4 lbs. at 22c per lb.; 100 lbs. $18.00.
VREELAND'S "ELECTRO" DRY POWDERED LIME-SULPHUR

Finely powdered. Mix about 12 to 15 lbs. with 45 gals. water and use it as a Dormant Spray. Use 3 to 5 lbs. for a Summer Spray.

Packed in a 100 lb. drum, per 100 lbs. $15.00. Packed in a 25 lb. drum, 25 lbs. at 17c per lb. 5 lb. pkgs. at 22c per lb. 1 to 4 lbs. at 25c per lb.

KAYSO

Use KAYSO in All Your Sprays for All Spraying

KAYSO makes the spray spread in an even, unbroken coat over every surface, thereby giving better control of pests and diseases—makes the spray mixture or solution apply easily and cover quickly—causes the spray to set instantly and dry rapidly without excessive run-off waste—gives increased coverage. The surface wets instantly—the film becomes fixed the moment it forms—it does not drain or continue to spread, or get thinner.

Try a small amount in some of your spray work, and prove its worth in an actual test. Use it in your dormant spray as well as in the Summer Spray. In the Field as well as in the Orchard. Not necessary in Scalecide.

Packed in the following sizes—I keep the small pkgs. in stock:

- 100 lb. Sacks ........................................ per lb. $.20
- 50 lb. Sacks .......................................... per lb. $.21
- 10 lb. Sacks (12 to case or separately) ........... per lb. $.25
- 2 lb. Packages (36 to case or separately) ......... per pkg. $.60
- 8 oz. Package (tin container; 24 to case or separately) per pkg. $.30

Always have the smaller size pkgs. in stock.

HALL'S NICOTINE SULPHATE

Same as Black Leaf 40. 40% Nicotine.

The Liquid Spray that controls Plant Lice or Aphis. Put ½ lb. to 50 gals. water, add 6 or 8 ozs. of Kayso and you have one of the best controls there is for sucking insects.

- Per 1 oz. Bottle, for garden use ....................... $ .35
- Per ½ lb. Tin, makes 50 gals. ........................ 1.25
- Per 2 lb. Tin .............................................. 3.50
- Per 10 lb. Tin ........................................ ..... 13.50

Special price on larger quantities.

NICOTINE DUST

The dry powdered Nicotine Sulphate. Dust it on in the heat of the day and it forms a gas and will kill all insects, if thoroughly applied. Per lb. 25c; 10 lbs. at 22c per lb., 100 lb. drums at 19c per lb. Price liable to change.
TOBACCO DUST
Fine ground. Used for dusting plants for Aphis and Fleas, hens' nests, etc. Per lb. 10c; per 10 lbs. 70c; per 100 lb. bag $5.50.
2 lbs. packed in a can for dusting, 40c.

SULFOCIDIDE
A Better Summer Spray

50-gal. bbl. (freight paid to any R. R. station on Long Island) ...............$38.00
15-gal. drums, freight paid to any R. R. station on Long Island .............. 11.50
Drums $2.00 extra but returnable at same price.
F. O. B., Hackensack, N. J.

2 5-gal. cans in case, freight paid to any R. R. station on Long Island .........$10.60
1 5-gal. can in case, freight paid to any R. R. station on Long Island ........... 6.25
1 gal. can, at the Farm ........................................ 1.40
1 qt. can, at the Farm ......................................... .90
Per Gal. at the Farm; bring your own containers .............................. .60

Sulfoicide is a powerful summer fungicide—at low cost—for fruits, vegetables and flowers. When sprayed, it quickly decomposes leaving a film of sulfur so fine as to be almost invisible except where drops accumulate.
1 qt. makes 50 gals. of spray
1 gal. makes 200 gals. of spray
Add ½ lb. Kayso to each 50 gals. of spray, putting it in the tank first.
FINE GROUND SULPHUR

For dusting Potatoes, Spraying and spreading on the land for Potato Scab.

Sublime Sulphur. The finest and purest. 100% pure. 1 to 4 lbs. at 10c per lb.; 5 to 99 lbs. at 7c per lb.; 100 lb. bags at 5½c per lb.

Commercial Sulphur. 99½% pure. Use one lb. of this or ½ lb. of the Sublime to 1 bu. of seed as you cut your potatoes and you will gradually work out of the Scab. 1 to 4 lbs. at 7c per lb.; 5 to 99 lbs. at 4½c per lb.; 100 lb. bag at 3c per lb.

BLUE VITRIOL

For making Bordeaux Mixture. Use 5 lbs. Blue Vitriol, 5 lbs. Ivory Lime to 50 gals. water. Dissolve the Vitriol in water over night. Price on application.

AUTO KANT-KLOG SPRAY PUMPS

Have a stock of these handy Sprayers listed below on hand and can get you any kind or size you might want on very short notice. Send for catalog.

AUTO-SPRAY NO. 2-C.
A small Hand Sprayer, well made of brass, and durable. Suitable for spraying a small plant bed, flowers, cattle, or anywhere that you do not use more than a pail of spraying material. Each $1.50.

AUTO-SPRAY NO. 9-D.
A good-sized Compressed Air Sprayer, made of galvanized iron. For a farmer who has a good-sized plant bed, chicken house or garden. Each $6.00. 2 ft. brass extension 60c. Brass elbow extension 45c. Send for descriptive circular.

AUTO-SPRAY NO. 9-B.
The same as above only tank is of brass. Holds about three gallons. A very serviceable sprayer and one that will last a long time. Each $9.00. 2 ft. brass extension 60c. Brass elbow extension 45c.
MULFORD CULTURES

If your crops of Clover, Alfalfa, Lima Beans, Garden Beans, Peas, Sweet Peas and other Legumes do not thrive, it indicates that your soil is lacking in Bacteria. Mulford Cultures used on the seed will supply these very necessary Bacteria.

If you use a little lime on your soil and Mulford Cultures on your seed there is no kind of Legume that you cannot grow.

These Cultures are the best that science can produce as the Mulford Co. manufactures vaccines, etc., for the U. S. Government.

There is a different Culture for each of the different kinds of Legumes, so be sure to state what crop you wish to inoculate.

Cultures for Garden, Field and Cow Peas, Garden Beans, Lima Beans, Clovers, Alfalfa, Soy Beans, Vetches and Sweet Peas always on hand. Other kinds can be gotten on very short notice.

Each

Garden size bottle ........................................ $ .35
¼ acre size bottle .......................................... .75
1 acre size bottle .......................................... 1.50
5 acre bottle .................................................. 5.00

Booklet telling all about these Cultures sent free on request.

TOOLS AND IMPLEMENTS

We carry a full line of Hoes, Spades, Shovels, Rakes, Wheel Hoes, Cultivators, Seed Drills, Lawn Mowers, Scythes.

Carbola Dusters, large size, each $1.25.

If we do not have it in stock, can get it on short notice.
STERLING'S ANNUAL CATALOG

FERTILIZER DEPARTMENT

"SUNRISE BRAND"

We are the Authorized Agents for the Long Island Produce and Fertilizer Co. of Riverhead, L. I., for this section. They manufacture the "Sunrise Brand" of Fertilizer which has given such good satisfaction around Riverhead.

The different analyses that they manufacture are as follows:

- 4% Ammonia, 8% Phos. Acid, 4% Potash.
- 5% Ammonia, 8% Phos. Acid, 4% Potash.
- 5% Ammonia, 8% Phos. Acid, 5% Potash.
- 4% Ammonia, 8% Phos. Acid, 7% Potash.
- 6% Ammonia, 9% Phos. Acid, 5% Potash.

The prices vary as to analysis and the time that you pay for the fertilizer. They have Fish Scrap in their different mixtures which improves the mechanical mixture of it and the Plant Food value. I will take your general order to be delivered from Riverhead or you can get a few ton from my own storage at any time if in need, at short notice. They also make a Special Cauliflower Mixture which has been tried in this section and found very satisfactory. Would be pleased to receive your orders.

GARDEN FERTILIZER

Will have a quantity of the highest grade fertilizer that the above Company makes, the 6-9-5. This is especially adapted for use in Gardens and Truck Crops. Can supply you in the following quantities:

<table>
<thead>
<tr>
<th>Quantity</th>
<th>Price</th>

Special price by the ton.

FERTILIS TABLETS

A highly concentrated fertilizer in tablet form, 100 tables in a box. Suitable for Flowers in pots or Flower Garden, Shrubs or Vegetables. Odorless and a great stimulant.

25c per box, postpaid anywhere on Long Island.

12 pkgs. come packed in one carton (1200 tablets), sent anywhere on Long Island for $2.50 postpaid.
REAL ESTATE

If any of my friends are interested in Real Estate I would be glad to talk over any that I might own at the time you see me.

At this time I have some very desirable Building Lots situated on the popular development at Nassau Point.

WUNNEWETA HILLSIDE

Lots Nos. 225 to 236 inclusive, Nassau Point Club Properties. 12 lots, each one bordering on Wunneweta Pond or its tributaries, running back to Little Peconic Bay Road on the north and Wunneweta Road on the east.

These lots are nearly all heavily wooded with nice oak timber and rise to a good elevation in the back, giving one of the finest views of Peconic Bay to be had on the Neck.

They are located just north of Nassau Point Club House, about as close to the Club House as any lots that can be purchased today.

Will sell these lots very reasonable considering their desirable location, and in blocks of 2, 5 or 10.

SUNSET HEIGHTS

Lots Nos. 322 to 326-A inclusive, Nassau Point Club Properties. 6 lots on one of the highest elevations overlooking Great Peconic Bay. These lots are located on the west side, very near the Cove, the deepest and best cove in the bay. They are also just above the new Meadow Beach development, and have good roads connecting with the north and south side of this development.

Beautiful cedar trees are growing on all of these lots, some of them perfect in shape and located right for the houses and lawns. If any one has ever bought large, perfect cedar trees and had them transplanted they will realize the value of this.

Three roads run around and through this property—Vanston Road on the east and south, Sunset Road on the west, and Meadow Beach Lane through the center. These are all large lots, most of them with 150 ft. or more front on one road and nearly as much on another.

Will sell these lots singly or in a block of five lots, as Lot No. 326-A we wish to reserve.

Remember that the Nassau Point Club Properties have reserved a strip 15 ft. wide above high water mark all around Nassau Point, and have many roads leading down to the water. This makes one lot as available to the water as the next one, and with the view that the above lots have, of as great value.

Also have two 12-acre Farms in fine state of cultivation that I am offering for sale at this time.

Remember that I own these pieces of property, I am not a Real Estate Broker.
“BURPEE GUARANTEE”

“We guarantee the vitality and purity of our seeds to the full amount of the purchase price. You can have your money back any time within the year if you are not satisfied with the results from Burpee’s Seeds. Even with Burpee quality Seeds success in gardening or farming depends largely upon cultivation, soil, and weather conditions. It is therefore agreed that in no case shall we be liable for more than the amount actually paid for the Seeds.

“We guarantee the safe arrival of your seeds, and we guarantee their quality to the full amount of the purchase price.”

The above is Burpee’s Guarantee, which we try to live up to. In other words, “We strive to please.”

Sincerely,

RALPH W. STERLING.
